PROFESSIONAL SUMMARY

Computer Science graduate and Java-focused Software Engineer Trainee with hands-on experience in Core Java, OOP, JDBC, Hibernate/JPA, Spring Boot, REST APIs, Spring Security, JWT and MySQL. Developed backend-focused applications including a digital banking system and a sales management system, with experience in authentication, CRUD operations, database integration and API testing. Seeking entry-level Software Engineer Trainee / Java Developer opportunities.

TRAINING & HANDS-ON EXPERIENCE

Full Stack Java Development Trainee | KodNest Technologies, Bengaluru Aug 2025 – Present

- Completed hands-on training and application development in Core Java, JDBC, Hibernate/JPA, Spring Boot, Spring Security, SQL and REST APIs.
- Developed Sales Savvy, a sales and customer management application with product, cart, order and admin modules using Java, Spring Boot, Hibernate/JPA and MySQL.
- Developed REST APIs, CRUD operations, authentication flows and database integration; tested APIs using Postman and managed source code with Git/GitHub.

Java Intern | Solitaire Infosystem Pvt. Ltd., Mohali Jul 2023 – Aug 2023

- Completed a 45-day Java internship focused on Core Java, OOP, Collections, exception handling and JDBC.
- Developed Java console and GUI applications and small utility programs, applying object-oriented design principles.

PROJECTS

Sales Savvy – Sales & Customer Management System
Java | Spring Boot | Spring MVC | Hibernate/JPA | MySQL | HTML/CSS/JavaScript
Project Link: https://github.com/obaid-majeed/salessavvy

- Developed a sales management application with product listing, cart, orders and admin modules using MVC architecture.
- Implemented CRUD operations, session-based login, backend/frontend integration and database persistence.

Neo Ledger – Digital Banking System
Java | Spring Boot | Spring Security | Hibernate/JPA | MySQL | HTML/CSS/JavaScript
Project Link: https://github.com/obaid-majeed/neo-ledger-digital-banking-system

- Built a full-stack banking application supporting registration, login, account management, deposits, withdrawals, fund transfers and transaction history.
- Implemented authentication and role-based authorization using Spring Security and JWT.
- Designed REST APIs and MySQL-backed persistence using Hibernate/JPA, with validation, DTO-based request/response handling and exception handling.

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript, HTML5, CSS3
Backend: Core Java, OOP, Collections, JDBC, Hibernate, JPA, Spring Boot, Spring MVC, REST APIs, Spring Security, JWT
Database: MySQL
Tools: Git, GitHub, Maven, Postman, STS, IntelliJ IDEA, MySQL Workbench

EDUCATION

Bachelor of Technology (B.Tech), Computer Science and Engineering | Baba Farid College of Engineering and Technology, Bathinda, Punjab | 2021 – 2025 | 6.3 CGPA
12th (PCM) | Army Good Will School, Kupwara, J&K | 2020 | 7.1 CGPA
10th | Army Good Will School, Kupwara, J&K | 2018 | 7.6 CGPA
